Read This Before You Order.

ORDER EARLY before the supply of many varieties is exhausted. Stock will be reserved and shipped the latter part of April, unless we are notified otherwise.

TERMS—Cash with order, or before shipment, by Money Order or Bank Draft, making all payable to name below. Stamps (5 or 2c) accepted on small order.

PREPAID—Everything in this catalog will be shipped, postpaid, anywhere in the U. S. at prices quoted.

SUBSTITUTION—We do not substitute unless asked to do so in the order, but would suggest naming a few as a second choice.

OUR GUARANTEE—Every bulb, tuber or plant we send out is guaranteed true-to-name and will, on sufficient proof, replace the next season, any that blooms untrue.

We also guarantee all to be alive and arrive in good condition, after this our responsibility ceases. Notify us at once in case anything is unsatisfactory or does not grow, after planted a reasonable time.

REFERENCE—U. S. National Bank, Portland.

NAME and ADDRESS—Please write your name and address very plain and address all letters, etc., to—

To Our Many Customers and Floral Friends:

Once again we have the pleasure of sending you our modest little catalog, the *Twelfth Annual Issue*. At this time we wish to thank each and every one of you who has favored us with an order in the past. We also beg to thank all those who have sent us the many letters of appreciation and who have so kindly recommended us to their flower loving friends.

We had hoped to issue a much better catalog in size, appearance and descriptions, etc. for this season, but our plans failed to materialize in time. But we promise something bigger and better for 1925. However, we have added a few more pages this season and improved it in various ways, hoping you would find it a little more interesting than any of the previous issues we have sent you.

Because of your cooperation our business has been growing so rapidly that for the past few years, in spite of yearly improvements, we have not been adequately prepared to handle your orders as promptly as we have wished. This season we have much more than doubled our facilities and we feel confident that we will be able to execute your orders in a manner which will be entirely satisfactory to even the most exacting customer.

Wishing you every success with your garden and trusting that we may be favored with a share of your patronage this coming Spring, we are,

Yours for success in growing Dahlias, etc.,

WHITE FLORAL COMPANY.

Cultural Directions will be sent with each and every order for dahlias.

Dahlia Plants Cheaper than Tubers

This season we will be able to supply most all Dahlias, listed in this catalog, in the form of growing plants from 3 inch pots. These are ready for delivery about **May 10th** to **June 10th**, at prices stated below.

Dahlia plants will give equal or better results than tubers, if given a little more care in their early growth. In our own Show Garden we have always used them whenever obtainable. This season we are much better prepared to grow them, and intend using them almost exclusively for our display plants. However, we do not recommend "plants" to the new beginner but will venture to say that they are preferred by practically all experienced growers and especially when prize-winning blooms are desired for the Fall Dahlia Shows. You will never know all about Dahlias before giving plants a fair trial.

Our experience and method of packing plants for shipment by parcel post, enables us to guarantee that they will arrive at their destination in perfect condition. They can be sent with safety for a distance requiring from three to four days in transit.

Prices are as follows:- (Price of Tubers in light face type and Plant price in dark face.)
 50c varieties for 35c; 75c for 50c; \$1.00 for 65c; \$1.25 for 80c; \$1.75 for \$1.00; \$2.00 for \$1.25; \$2.50 for \$1.50; \$3.50 for \$2.00; \$4.00 for \$2.50; \$5.00 for \$3.25; \$7.50 for \$5.00 and \$10.00 varieties for \$6.00. All prices quoted in this catalog are for tubers.

Don't overlook Our Special Offers of Dahlias, etc., for \$1.00 on page 31.

WHITE'S WINNING WONDERS

"Pacific Sunset"

(Giant Peony-flowered type)

We do not hesitate in claiming this to be one of the very finest, as well as one of the largest dahlias in the world today. Probably no other variety in our Gardens attracted more attention than did this new creation. In size, its immense, often over 10 in. across, and looks every bit as large as it measures, as each petal is over $2\frac{1}{4}$ in. in width almost its entire length. The color is a soft and very pleasing shade of salmon buff, suffused with apricot on the outer half of the petals. An ideal autumn shade and a free bloomer. The stems are extra long and strong and habit of growth is hard to improve upon. In addition to all this we can truthfully say that this is more FRAGRANT than any of the other so-called, sweet scented dahlias we have ever heard of, having an odor similar to the Trillium. *Our stock of this wonderful creation is limited, yet we are offering it at a very reasonable price, when compared with the other novelties of equal merit, that are being offered by other growers.* A limit of 1 Tuber only to a customer at \$3.50
Strong plants (ready May 15th.) Each, \$2.53

OREGON SUNSET—No description can give you an idea of the beauty of this gorgeously colored, full petaled, Peony Dahlia. Giant blooms of rich golden yellow, heavily suffused and dusted bronzy crimson. Distinct and irresistible combination of colors. Free flowering and a vigorous grower with long, stout stems. One of the greatest attractions in our Gardens. Tubers, \$2; Plants, \$1.25

Violet Beauty—(Peony-Decorative type) A very pleasing violet-purple, suffused with claret and cerise. Flowers are often 9 in. in diameter, with broad wavy petals. Although the stems are long and strong, these blooms are so heavy that, under certain conditions, they are unable to hold fully developed, flowers erect. However, the size, color and formation are irresistible. Early, free blooming, dwarf habit. Tubers, \$1.50

Pride of Portland—(Decorative-Peony type) A variety worthy of a place in the most up to date collection. Quite similar to the ever popular "Geisha" in color, but the yellow is brighter and the red is richer. Without a doubt one of the largest dahlias ever grown, with stems in proportion, that hold the giant blooms far above the foliage, never failing to attract attention. A healthy, robust grower, blooming early and constantly. Tubers, \$1.50

Don't plant too early. Dahlias dislike to bloom during the hot, dry, midsummer weather.

EXPLANATION—Capitals after descriptions signify the height: T, grows above 4 ft.; M, Medium; and D, under 3 ft. The letter e, suitable for exhibition; g, for garden; and c, for cut flowers.

"White's Winning Wonders", Continued

AUTUMN GLORY—An immense flower of the true peony flowered type. The color is hard to describe; distinct shade of **bronzy cinnamon**, burnished with **terra-cotta**. Some of the flowers have a broad stripe of rich amber color, running the full length of each petal. Strong, robust grower with less foliage than usual; very long, graceful stems and a free and constant bloomer, T. e. g. Each, \$1.25

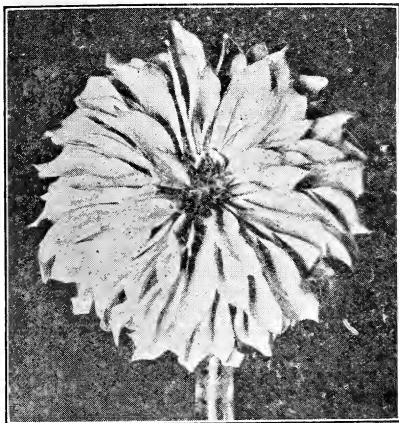

Autumn Marvel—The color is a most beautiful pure, **golden buff**. The blooms are large of the full peony-flowered type. An upright, healthy grower; constant bloomer and extra long, stout stems, T. g. c. .50

BYRON STREETER—Enormous decorative with slightly reflexed petals. Indescribable and fascinating shade of lilac purple, overlaid with a peculiar bluish sheen. Robust habit; flowers very erect on stout stems, M. e. c. .75

JACK LONDON—Red decoratives are quite numerous, but no one could resist this, when seen growing in our Gardens. Strong, erect growth; stems are long. The large blooms are held upright and the color is a **dazzling vermillion scarlet**, T. e. g. c. \$1.00

Lucile Whyte—Pure deep **rosy lavender** of distinct form; the narrow petals are slightly corrugated and reflexed. Blooms are above the average size and the long stems are quite erect. A favorite with visitors, M. .75

Orville A. Stevens—An ideal Peony dahlia of good size; free flowering on very strong, erect stems of sufficient length for cutting. Color is a distinct shade of **light orange scarlet**. Strong, upright habit with just enough foliage and blooms very freely, T. g. c. .50

LUCILE WHYTE

PHILENA—The large peony-flowered blooms are held rigidly erect and freely produced. Elegant, rich **crimson**, slightly streaked and heavily tipped with **golden yellow**, while the reverse of the petals is a **mandarin orange**, slightly penciled with red; a very odd and showy color combination. Quite lasting and effective as a cut flower, M. g. c. .75

Zulu Giant—A gorgeous Peony-flowered variety; immense size and wonderful formation. The color is a beautiful, velvety, **crimson maroon**. Broad, wavy petals, with small, curly petals twisted around the center. Strong grower and free bloomer, T. e. \$1.00

SPECIAL—We will send **postpaid**, one tuber each of **Philena, Jack London & Autumn Glory** for, \$2.00

Watch and Wait for White's Winning Wonders for 1925

See them all in our Show Garden and at the Dahlia Shows this season.

OTHER DAHLIAS OF OREGON ORIGIN

The Dahlias listed below were all originated in Oregon and we honestly believe they are the equal of varieties originating elsewhere.

Hybrid Cactus Type

Becky Sharp—Attractive currant red with yellow at base of petals. A favorite and in great demand. Good size and extra fine stem for cutting. Very free. M.g.c. \$2.00

Caribee—An odd tyrian rose shade, veined and shaded with cream at tips, with lighter reverse. Petals are rolled and twisted. Free bloomer and strong stems, T. g. \$1.50

Elegant—Similar to and better than the popular 'Wodan'. Color is a pure orange salmon. Extra long, stout stems, M. g. c. .75

CHAS. SHERBROOKE—New cactus dahlia of the greatest merit. Beautiful and unusual coloring, rich scarlet with reverse of petals old gold. Flowers are large and produced freely on strong stems. T.e.g.c. .50

Oro Fino—A very fine clear yellow of large size. Stem is long and strong and it blooms early and very freely, M. g. \$2.00

MARCHIONESS—A monstrous flower on stiff, long stems. Phlox pink with center of pale bluish lavender, shaded with white. Very free bloomer with flowers always perfect in form. Healthy grower. One of the best new dahlias, T. e.c. Plants only, \$5.00

Peony-flowered Type

CITY of PORTLAND—One of the grandest new peony dahlias. The blooms are often 8 and 9 inches in diameter of very artistic form. Color is a clear, rich, deep yellow. An ideal cut-flower, having long, strong stems and good keeping qualities. Strong, vigorous growing plants produce flowers freely, M. e. g. c. Each, \$1.50

Dominique—A striking variegated peony dahlia; rich garnet, heavily tipped pure white. Long, erect stems; very showy M.g.c. .50

Fantastique—Orchid Peony—Semi-double, with irregularly curled and twisted petals; distinct form. Deep cerise crimson, tipped and bordered with white and borne erect on long graceful stems, T. g. c. .75

Geraldine Anthony—Rose pink, shaded with blush. Large flower of odd form, held erect on finest of stems, M. .75

GARNET KING—Beautiful peony flowered dahlia of giant size and rich shade of deep garnet maroon in color. Exceedingly strong, robust grower and free bloomer; stems are extra strong and long, T. e. g. c. \$1.00

JAMES C. GILL—Giant new peony dahlia carried on extra strong, erect stems. Color is a striking, rich golden orange, variously marked with scarlet; very free bloomer and is highly recommended to all, M.e.g.c. .75

Oregon Beauty—Brilliant, fiery scarlet with without shading. Gorgeous flower which always attracts much attention, M. e. g. c. .30

One of the best times to cultivate Dahlias, etc., is before you plant. Work your soil thoroughly.

GLADIOLI

THE CUT FLOWER PRE-EMINENT

The most beautiful and attractive of all summer flowering bulbs are the newer Gladioli. Such a rapid improvement has been made during the past few years, in the size, color and beauty of these flowers, that the result is wonderful.

TYPE OF THE MODERN GLADIOLUS

5c. each; 50c., dozen; \$3.50 per 100

AMERICA—Beautiful soft flesh pink, tinted with delicate lavender. Large, open flowers.

Attraction Bright-carmine; white throat.

Black Beauty—Dark crimson maroon; fine.

BLACK HAWK—Deep, rich cardinal with throat nearly black. Early.

Crackerjack—Rich dark crimson with lighter throat. Long spikes; wide, open flowers.

Halley—Large open flower of a beautiful salmon pink. Without doubt one of the best.

Mixed Blue—Some pleasing tints of blue.

Mrs. Fran. King—One of the most attractive and popular Gladioli. A striking shade of light scarlet or flame color. Very large.

Velvet King—A most reliable rich red sort; large and early. Ideal for large beds.

WINE KING—Clear purple-wine

If cut when the first buds open and allowed to develop indoors, every bud will open and the size and color will be more perfect than if left in the sun. The spikes will continue to open additional buds for a week or two weeks, according to the variety and conditions.

CULTURE—You can plant a Gladiolus bulb in most any kind of soil and it will bloom, but attention to a few simple details will produce superior results. Sound healthy bulbs and a sunny situation is the most important. Successive plantings in the same place should be avoided when possible. Plant 3 to 5 inches apart and to a depth of 4 to 6 inches, depending on size of bulb and character of soil. May be planted as early as the end of March or as late as the middle of June. By planting at intervals during this time you will have flowers all season. Cultivate often until flower spikes appear, then if possible, cover the ground with a mulch and water thoroughly when in bloom. Dig in November (or sooner if foliage begins to ripen) on a sunny day if possible, so as to allow them to dry off well before storing in a cool, dry, frost-proof place. Cut off the tops close up to the bulb, as soon as dug.

7c. Each; dozen, 70c. Any 3 for 20c.

Empress of India—An intense, dark maroon; almost black. Many blooms out at once.

Glory of Holland—Tall white, tinted pink.

Ornamental Ferns for Decoration of the Home

Small plants 25c; Larger size only of the first three sorts at 50c.

BOSTON FERN—This is the original and well known type of the "Sword Fern." Of easiest culture and very largely grown.

OSTRICH PLUME—Habit of growth is like above, but the pinnae and fronds are divided, giving the plant a feathery appearance.

ROOSEVELT FERN—Resembles the "Boston," but produces more fronds, and the pinnae are undulated, giving a very wavy effect. One of the most satisfactory ferns.

TEDDY, JUNIOR—A dwarf form of the "Roosevelt." Neat, compact habit and very rapid grower.

N. Norwood—Similar to the Ostrich Plume, but of more beautiful, feathery appearance.

N. Smithii—This is the most fluffy of all in the list. Has the appearance of delicate lace.

ASPARAGUS FERNS

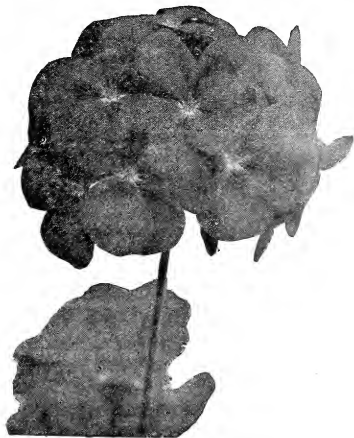

ASPARAGUS SPRENGERII (Emerald Feather)—A most valuable and easily grown, evergreen trailing plant for the house. Beautiful sprays of lovely green feathery foliage, which can be cut freely and used in bouquets, etc. Equally valuable as a house plant in winter for vases, baskets and porch boxes in summer. Ea, 15c & 30c

ASPARAGUS, Plumosus (Japanese Lace Fern)—A finer and more delicate plant than the Sprengeri, but hardy and easily grown. Nothing more delicate or attractive for the house than this. Each, 20c and 30c

"Glads", when cut, will last in water from one to two weeks. Think of it! Weeks, not days.

GERANIUMS

Geraniums are no doubt the most popular of bedding plants. They are of the easiest culture, making a rapid growth and blooming continuously.

See Our New Geranium on next page.

Geraniums are one of the most satisfactory plants for growing in pots, porch boxes, etc.

NEW SINGLE GERANIUM

"Elizabeth White"

This new variety was originated by us in 1918, and has been greatly admired by every geranium lover. We have, to the extent of being called selfish, persistently refused to sell it to anyone, wishing to grow a stock large enough to be able to offer it at a reasonable price, to everybody at once. The color is the outstanding feature of this novelty and quite difficult to describe. It is a very bright and distinct rose vermilion shade of red, with a very conspicuous pure white center. Extra large flowers of circular form; large clusters, borne well above the foliage on long, strong stalks. A very strong healthy grower. Strong plants, in bud and bloom. Supply is again limited this season. Each 30c.

Ivy Leaved Geraniums

Very fine for hanging baskets or window boxes.

Price 15c. each; any 3 for 40c.

- Ballade**—Large semi-double flowers of rosy lilac.
Garden Glory—Bright scarlet, tinted with rose.
Chas. Turner—Bright rich pink; extra fine sort.
Col. Baden Powell—Very large pearly white shaded blush, with dark blotch on upper petals.
Mrs. Hawley—Pleasing rosy cerise shade.

Superb Carnations

15c each. Any 3 for only 35c

- BONORA**.—A beauty; fancy variety of fine size and form, borne on long, stout stems. Color white flaked and splashed with red.
Enchantress Supreme—Flowers large, borne on long stems. The color is a superb shade of flesh pink. An early and continuous bloomer.
Belle Washburn—Large and massive flowers with finely fringed petals. Color bright rich scarlet.
Maine Sunshine—A new and rare variety of pure light yellow color. Large size; good substance.
Mrs. Ackhurst—Bright salmon pink of largest size; nicely fringed and quite fragrant.
MRS. C. W. WARD.—Simply superb, both in form and color; brilliant dark pink.
POCAHONTAS.—A wonderful new everblooming sort of rich, velvety crimson maroon.
Aviator—The richest shade of intense scarlet ever seen in a carnation. Large and fragrant.
WHITE WONDER—A pure white on strongest of stems. Nicely fluted and very fragrant.

Pelargoniums

Lady Washington Geraniums

Price 20 cents each.

- Mrs. Loyal** (Pansy Geranium)—Silvery rose with dark maroon blotches on the upper petals.
EASTER GREETING—Amaranthe red with maroon blotches. New, very free-flowering variety.
Duchess of Portland—Large round flowers of a vinous cerise, shaded vermillion. Dark blotches.
Linda—Clear salmon pink, feathered maroon on upper petals. Large bold flowers.

GERANIUM Rose Scented—An old favorite. Cultivated for its sweet scented leaves. 10c.

CHRYSANTHEMUMS

Price, 15c each; 2 for 25c.

GIANT EXHIBITION SORTS

- Chieftain**—A large, perfect, incurved flower of a beautiful silvery-pink color.
Greystone—Fine large incurved broad petaled blooms of a beautiful chamois bronze shade. A distinct new color and much admired.
Harvard—The darkest chrysanthemum extant; when well grown it produces a good sized bloom of the darkest crimson.
Major Bonnaffon—Soft, clear yellow, full in the center, eight inches in diameter and nearly as deep; perfect form.
Marigold—A giant, with luxuriant green foliage clothing its heavy stems, each crowned with a grand orange yellow, incurved flower.
Maude Dean—One of the finest of all mums. Bright deep pink; very long, narrow petals.
William Turner—A pure white, in color, and we have never seen anything larger or more impressive for the exhibition table.

LARGE EARLY VARIETIES

- Brutus**—Beautifully formed flowers of a rich chestnut red, reverse gold. One of the best.
Comeleta—Incurved flowers of bright golden yellow. A very free bloomer, and fine early garden variety.
Early Frost—Pure snowy white blooms of a lovely form. Very early and free.
Early Rose—A large, incurved flower of rich lavender pink. Very free in bloom. One of the best garden varieties.
Unaka—A grand new incurved variety of a beautiful silvery rose color. Very lovely.

Wired Tree Labels

KEEP YOUR DAHLIAS NAMED

These are plain, painted wooden labels with copper wires and are just the thing for labeling your Dahlia clumps, when digging and storing. 40 for 20c; 90 for 40c Postpaid to 4th zone.

Are Our Dahlia Trials Very Extensive?

WE'LL SAY THEY ARE

During the past several years we have thoroughly tested the merits of about 2000 named varieties of Dahlias. Out of this number we have discarded all but about 500 of them. This leaves the "the survival of the fittest" listed in our catalog. *Draw your own conclusions.*

WATCH FOR OUR DAHLIA SHOWS

To be held about the second week in October at OLDS WORTMAN & KING Department Store. Phone or write us during September for the exact dates. We hope to arrange later for other exhibits during the fall.

Mixed Dahlia Tubers

We never have, and hope we never will find it necessary to catalog or sell cheap, unnamed or mixed dahlia tubers. To us, this seems to cheapen them unjustly, and we love the 'king of autumn flowers' too much for that.

Dahlia and Gladioli Fertilizer

We have always received many inquiries as to what we use for fertilizing dahlias and gladioli. In response, we are prepared this season to supply our customers with an ideal organic fertilizer for all flowering plants and especially dahlias. Use about a pound to four plants; mix thoroly with the soil in the hill before planting. 2 lbs. 15c; 4 lbs. 25c postpaid in the 1st and 2nd zones only.

We are preparing to have a complete line of choice Flower Seeds and Nursery Stock such as Roses, Shrubs Evergreens, etc., to offer next season.

VALUABLE

GOOD FOR A DAHLIA TUBER

Every few years it becomes necessary for us to revise our mailing list as it is too expensive for us to send many catalogs to addresses where they are not wanted or where the person who requested it has moved etc.

As this is one of those years we take the following means of knowing whether or not you are still alive and desire that we continue sending our catalog in the future.

Send us this card and 6c (to pay Postage & packing) and we will send you ABSOLUTELY FREE any of the following: (Put X before your choice)

CHALLENGE	FREDA NEWMAN
GOLIATH	PAUL BONYON
LIAID	MAD BYSTEIN

3 different Named Gladioli (our choice)

If you have no use for any of the above bulbs this season, but wish to continue to receive our annual catalogs, just write your name and address on the other side and return to us in envelope. We will gladly place your name on our revised mailing list if you thus show your desire.

A 1 cent stamp will bring it, if not sealed.

Any order no matter how small, automatically puts you on the list.

Cut Flowers in Season

Dahlias, Gladioli, Zinnias, Etc.

Come out to our Gardens, where they are growing, and get them fresher, cheaper and better. Long stemmed Dahlia blooms in any or all colors and types, after middle of August at 35c to 75c per dozen. Gladioli and Zinnias a month earlier. Also Asters, Marigolds etc.

We will also be able to offer Greenhouse grown flowers such as, **Carnations, Sweet Peas, Gladioli, Snapdragons and Etc.,** in the most popular colors, during the Spring, late Fall and Winter months. All can be sent by parcel post or express safely in Northwest.

Keeping Dahlia Blooms When Cut

Cut the flowers as late as possible in the evening or very early in the morning, while the dew is still on them. Cut with long stems and dip the ends of the stems (2 to 3 inches) in almost boiling water for 20 seconds to one minute, depending on length and texture of the stem. Then immediately submerge them two-thirds of their length in cold water and put them in a cool place, away from all draft for a couple of hours, or till wanted for your vases. The more of the stem you can have in the water in your vases, the longer the blooms will keep fresh. When cutting dahlia blooms try and select those that are in their prime, as those not fully developed will wilt easily.

Growing Figs in the Northwest

If you are interested in growing your own figs, we advise that you write to

Willamette Fig Company

355 Willamette Blvd. Portland, Ore.

for the 5th edition of their Bulletin on Figs. It will give you some very interesting facts about the great success they have had with certain varieties. Its free.

YOUR DAHLIA TROUBLES

Tell them to us and we will help you to the best of our knowledge, as our success depends upon your success.

Are Your Dahlias Named Correctly?

You may be in doubt about some or have others of which names have been lost. Send us sample blooms and we will gladly give you the names if we can. All we ask is that you send us 4 cents in stamps enclosed in package.

Directions for packing and mailing: Line a stout cardboard box with wax paper first and then with slightly moistened newspaper. Select enough flowers and foliage (no moss) to fill the box, so flowers cannot shake around in it, as this will often bruise them beyond recognition; firm packing does not. Sprinkle just a little water on them before or after packing and wrap the box well, making as air tight as possible. Mail so as to reach Portland before Saturday and then we will be sure to receive them before Sunday. Number the flowers to correspond with those on your plants.

Will You Do This?

Send us the names and addresses of two or three of your flower loving friends or neighbors, who have a garden, with your order and then note what we send you to reciprocate.

Did We Send You 2 Copies?

If you receive more than one copy of our catalog, we will consider it a great favor if you will give the 'extra one' to a flower lover.

To all flower lovers we can recommend "The Flower Grower", a monthly magazine published by Madison Cooper, Calcium, N. Y. Price is \$1.50 a year or three years for \$3.50.

THINK THIS OVER

"The man who offers nothing but price usually has nothing but price to offer."

In comparing our prices with others, don't forget the fact that we are **actual growers** of everything that we list, and not just dealers

Visit Our Gardens See Them in Bloom

*1 block North of Peninsula Park
and the Auto Tourists' Park.*

We wish to extend to all a hearty invitation to visit our Dahlia and Floral Gardens. Over 700 named varieties of Dahlias, including the best European and American Novelties, as well as many new Creations of our own origin not yet offered to the public, will be growing under most up-to-date methods, and will be at their best after the middle of August, and until a heavy frost. Large collection of the newer Gladioli, and various other flowers, will bloom in their respective seasons.

All flower lovers and especially Dahlia enthusiasts should try and see the Dahlias during September or early October, as we honestly believe it will be time well spent. And, you can also visit the Peninsula Park, Sunken Rose Gardens, and the new Auto Tourists' Park at the same time, as we are located just north of these ever increasingly popular places of amusement.

Directions How to Reach Our Gardens

Take the Kenton car on Broadway. Get off at Portland Boulevard or at Dekum Ave., as we are located just between these two streets. Right on the car line — you can't miss it.

THINK!
